Program Description

Goals and Purposes (13 TAC §2.710)

This grant program funds public library programs to promote reading and literacy within local communities. Programs may be targeted to the entire community or to a segment of the community. Programs involving collaboration with other community organizations are encouraged. The agency may designate specific funding priorities for each grant cycle in response to identified needs. If this occurs, staff will provide details of funding priorities and scoring implications to applicants and to the peer review panel. These programs must meet the following LSTA goal as identified in the Texas LSTA 5 Year Plan (https://www.tsl.state.tx.us/sites/default/files/public/tslac/ld/pubs/lstaplan/LSTA2013_Final.pdf):

Need

Texans of all ages need access to services and resources to further their formal and information learning goals.

Goal

Texans will have access to library services to build a strong foundation for early learning, success in school, and lifelong learning.

Reading promotion programs are those that actively encourage people to read and to develop a lifelong love of reading. One goal of reading promotion programs is to develop a more literate community. Typically, this involves presenting or hosting programs that will involve people in reading activities and that will generate enthusiasm for reading.

Libraries may also coordinate programs in basic literacy, family literacy, and the ability to read, write and speak English and to compute and solve problems at levels of proficiency necessary to function on the job and in society.

The purpose is not for collection development, or other activities primarily focused on the acquisition of library materials or resources.

Eligible Applicants

Public libraries and local public library systems, through their governing authority (city, county, corporation, or district) are eligible to apply for grants. To receive a grant, applicants must be accredited for the fiscal year the grant contracts are issued. Libraries or library systems will not be awarded more than one grant in a single grant cycle. Libraries or library systems will not be awarded a grant in two consecutive grant cycles.

Funds Available

An estimated total of up to \$50,000 is expected to be available, subject to approval by the Texas State Library and Archives Commission and the availability of funds.

Maximum Award

The maximum award for FY2014 will be \$3,000.

Length of Funding

Funding will be for one state fiscal year (September 1, 2013–August 31, 2014).

Eligible Activities

This grant program will fund costs such as materials, professional services (e.g. speakers' fees, temporary personnel), and other operating expenses needed to implement a reading or literacy program. Programs may include but are not limited to book talks, author visits, book clubs or discussion groups, Born-to-Read or Every Child Ready to Read programs, "One Book, One Community" programs, or programs to enhance summer reading club activities. Projects must include programming designed to actively engage participants in reading activities. Except as provided in grant guidelines, competitive grants may fund costs for staff, equipment, capital expenditures, supplies, professional services, and other typical operating expenses, as permitted by 13 TAC §2.116 (Uniform Grants Management Standards). The purpose of competitive grants is not for collection development, or other activities primarily focused on the acquisition of library materials or resources.

Ineligible Activities

This grant program will NOT fund the following costs:

- a. Building construction or renovation
- b. Food, beverages, awards, honoraria, prizes, or gifts
- c. Equipment or technology not specifically needed to carry out the goals of the grant
- d. Transportation/travel for participants or non-grant funded personnel
- e. Databases currently offered or similar to ones offered by the agency (i.e., a magazine index database may not be purchased if a comparable one is provided by the agency)
- f. Collection development purchases not targeted directly to the grant goals nor integral to the service program
- g. Advertising or public relations costs not directly related to promoting awareness of grant-funded activities
- h. Performers or presenters whose purpose is to entertain rather than to educate
- i. Indirect costs, overhead or Finance & Administration (F&A) costs

Instructions for Applying

Project Development and Draft Review

The Texas State Library and Archives Commission (TSLAC) recommends that applicants discuss their projects with TSLAC staff before developing a proposal. TSLAC consultants are available to help throughout application development and in determining the best grant program for your project. For more information, **contact Erica McCormick at 512-463-5527 or via e-mail at emccormick@tsl.state.tx.us**.

TSLAC also strongly encourages applicants to send a draft of the proposal to TSLAC for staff for review. To allow adequate time to review the draft proposal, submit the draft **by Friday, February 8, 2013**.

Grant Management System (GMS) Access

TSLAC uses a Grant Management System or GMS that enables applicants to apply for grants electronically through a web portal. Applications must be submitted in GMS by the due date in order to be eligible for consideration. To submit your application online, you must register in GMS (<https://gms.tsl.state.tx.us>) and obtain a user name and password. Once approved, you will then be able to access and complete the application online. Step-by-step GMS instructions can be found at: <https://www.tsl.state.tx.us/sites/default/files/public/tslac/ld/funding/lsta/gmsmanual.pdf>

Appendix A: Grant Review and Award Process

Peer Review (13 TAC §2.113)

- (a) The commission may use peer review panels to evaluate applications in competitive grant programs.
- (b) The director and librarian may select professionals, citizens, community leaders, and agency and library staff to evaluate grant applications. Peer reviewers must have appropriate training or service on citizen boards in an oversight capacity and may not evaluate grant applications in which there is, or is a possible appearance of, a conflict of interest.
- (c) The agency staff will distribute selected applications to reviewers and will provide written instructions or training for peer reviewers. Reviewers must complete any training prior to reviewing applications.
- (d) The reviewers score each application according to the review criteria and requirements stated in the grant guidelines.
- (e) Each peer review evaluation of an application for competitive grants shall be appropriately documented by the peer reviewer conducting the evaluation. The documentation shall include the scores assigned by the peer reviewer. The peer reviewer may also include comments that may be shared with the applicant.
- (f) To be eligible for review, each application must be submitted by the specified deadline with all required components and all necessary authorization signatures.

Funding Decisions (13 TAC §2.114)

- (a) The agency staff will submit a recommended priority-ranked list of applicants for possible funding. Final approval of a grant award is solely at the determination of the Texas State Library and Archives Commission.
- (b) Applications for grant funding will be evaluated only upon the information provided in the written application.
- (c) The agency staff may negotiate with selected applicants to determine the terms of the award. To receive an award, the applicant must accept any additional or special terms and conditions listed in the grant contract and any changes in the grant application.
- (d) The agency staff will notify unsuccessful applicants in writing.

Awarding of Grants (13 TAC §2.115)

The commission has the right to reject applications or cancel or modify a grant solicitation at any point before a contract is signed. The award of any grant is subject to the availability of funds.

TSLAC Staff Responsibility (13 TAC §2.117)

The Texas State Library and Archives Commission (TSLAC) staff will review each application packet for the following:

- Legal eligibility of the institution to participate in this grant program and appropriate authorizing signature
- Conformance to the federal and state regulations pertaining to grants
- Inclusion of unallowable costs
- Errors in arithmetic or cost calculations
- Submission of all required forms
- Compliance with submission procedures and deadlines
- Relevance and appropriateness of the project design and activities to the purpose of the grant program

Agency staff will raise issues and questions regarding the needs, methods, staffing, and costs of the applications. Staff will also raise concerns regarding the relevance and appropriateness of the project design and activities to the purpose of the grant program. Staff comments will be sent to the grant review panel with the applications for consideration by the panel.

Applicants will be sent a copy of the staff comments to give applicants an opportunity to respond in writing. Applicants may not modify the grant proposal in any way; however, applicants' responses to staff will be distributed to the panel.

Applications with significant errors, omissions, or eligibility issues will not be rated.

Applications in which the project design and activities are not relevant and appropriate to the purpose of the grant program will be ineligible.

Agency staff will be available to offer technical assistance to reviewers.

Grant Review Panel Responsibility (13 TAC §2.117)

Applications will be scored using the following process:

- (1) The peer reviewers will review all complete and eligible grant applications forwarded to them by agency staff and complete a rating form for each. Each reviewer will evaluate the proposal in relation to the specific requirements of the criteria and will assign a value, depending on the points assigned to each criterion.
- (2) No reviewer who is associated with an applicant or with an application, or who stands to benefit directly from an application, will evaluate that application. Any reviewer who feels unable to evaluate a particular application fairly may choose not to review that application.
- (3) Reviewers will consider and assess the strengths and weaknesses of any proposed project only on the basis of the documents submitted. Considerations of geographical distribution, demographics, type of library, or personality will not influence the assessment of a proposal by the review panel. The panel members must make their own, individual, decisions regarding the applications. The panel may discuss applications. The panel's recommendations will be compiled from the individual assessments, not as the result of a collective decision or vote.
- (4) Reviewers may not discuss proposals with any applicant before the proposals are reviewed. Agency staff is available to provide technical assistance to reviewers. Agency staff will conduct all negotiations and communications with the applicants.
- (5) Reviewers may recommend setting conditions for funding a given application or group of applications (e.g., adjusting the project budget, revising project objectives, modifying the timetable, amending the evaluation methodology, etc.). The recommendation must include a statement of the reasons for setting such conditions. Reviewers who are ineligible to evaluate a given proposal will not participate in the discussion of funding conditions.
- (6) Reviewers will submit their evaluation forms to the agency. In order to be counted, the forms must arrive before the specified due date.

Decision Making Process (13 TAC §2.118)

To be considered eligible for funding by the commission, any application must receive a minimum adjusted mean score of more than 50 percent of the maximum points available. To reduce the impact of scores that are exceedingly high or low, or otherwise outside the range of scores from other reviewers, agency staff will tabulate the panel's work using calculations such as an adjusted mean score.

- (1) Applications will be ranked in priority order by score for consideration by the commission.
- (2) If insufficient funds remain to fully fund the next application, the staff will negotiate a reduced grant with the next ranked applicant.
- (3) If the panel recommends funding an application that, for legal, fiscal, or other reasons, is unacceptable to the staff, a contrary recommendation will be made. The applicant will be informed of this situation prior to presentation to the commission and may negotiate a revision to the application. A positive recommendation to the commission will be contingent upon successfully completing these negotiations prior to the commission meeting.
- (4) If the panel is unable to produce a set of recommendations for funding, the agency staff will use the same evaluation procedures to develop recommendations to the commission.

Multiple Applications (13 TAC §2.119)

Applicants for competitive grants may submit more than one grant application for different projects, in different grant categories. Applicants may not submit the same, or nearly the same, application in more than one grant category.
