*FY 12-13
Outside Agency
Report*

Dear Mr Pusley

Nueces County Outside Agency Funding

Commissioner Oct 1

Further to your recent request regarding how we utilized the \$1,000 grant you provided to us during FY 12/13 and enquiring as to whether we wish to apply again for FY 13/14 I can reply as follows:

1. We spend approx. \$3,000 annually on the production of our ArtWalk map. This map, as well as being functional for our purposes, is well received by the entire community and is regularly handed out to tourists and other visitors as well as ArtWalkers. Therefore it is our belief that the grant monies which you so generously provided for our use have been well spent in a way which benefits City, **County**, and out of town users. The County logo is included in the sponsor area of the map to show your support for the publication.
2. If you are able to provide this grant funding to us again in FY 13/14 then we propose to apply it in the same way thus continuing a much appreciated service to the community.

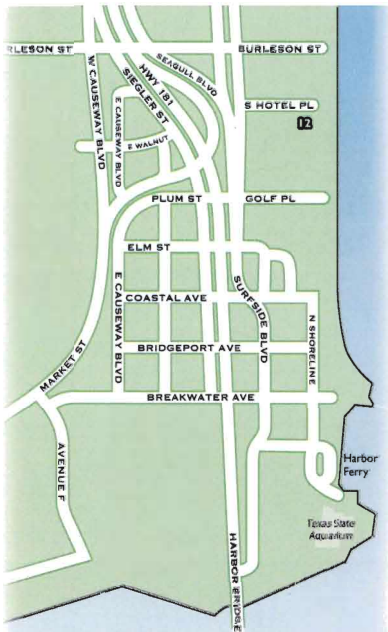

If you have any questions please do not hesitate to contact this office at any time.

Regards
